The slides did not reference Longview or TX Eastman. Bree & I made 3 corrections: 2 of Deb's slides were labeled "EtO 101 Webinar Logistics". I changed the header to read "EtO Community Meeting Logistics". Bree & I also replaced the map with one that has clear text labels for both facilities.

On the talking points – There was one reference to TX Eastman on 2020 emissions. I revised it with the statements from the BCP & Taminco tech assessments.

Please review for continued use of Eastman or Longview in these presentations.
